NATURAL SOLUTIONS FOR SHORT & LONG TERM PAIN MANAGEMENT

PAIN RELIEF

- Pain Management
- Acute Injury Recovery
- Chronic Pain & Inflammation

ANABOLIC LABORATORIES
Pharmaceutical Made Nutritional Products Since 1924

SALIZAIN™
ZYMAIN®
PRO-ENZ™
1,000 mg white willow bark extract
- 240 mg Salicin
- 760 mg phytochemicals
- Work synergistically to produce analgesic effect

Salicin IS NOT aspirin
- Salicin is hydrolyzed in the intestines for uptake then converted to Salicylic Acid in the body, thought to be the reason side effects are minimal

Salicin IS EFFECTIVE
- Study compared 240 mg salicin to 12.5 mg Rx Vioxx in 228 patients with idiopathic low back pain showed equal reduction in pain
- The American Pain Society deems white willow bark as moderately beneficial for treatment of acute low back pain...the same rating as acetaminophen, NSAIDs, muscle relaxants, and opiates

Salicin IS SAFE
- Side effects are minimal compared to aspirin and other pain treatments

REFERENCES

SALIZAIN™

ACUTE PAIN MANAGEMENT / CHRONIC PAIN MANAGEMENT

Learn first-hand from a practicing Chiropractor and a respected chiropractic educator protocols and modalities for treating patients with Anabolic’s line of pain and inflammation products. Visit anaboliclabs.com/Videos.aspx

USAGE: Take 1 tablet daily or as directed by your health care professional.
FOLLOW-UP: For extended inflammation relief, follow up with Pro-Enz™ botanical extract formula.
ACUTE INJURY RECOVERY - ZYMAIN®

NATURAL THREE PART COMBINATION

Proteolytic Enzymes
- Bromelain – 200 mg
- Papain – 100 mg
- Trypsin – 100 mg
- Chymotrypsin – 200 mcg

Nutrients
- Bioflavonoids – 200 mg
- Vitamin C – 200 mg
- Beef Cartilage – 100 mg

Minerals
- Zinc – 10 mg
- Manganese – 4 mg

The Road to Recovery
- Proteolytic enzymes function as plasmin activators to reduce excessive fibrin deposition and facilitate healing.
- Research has demonstrated proteolytic enzymes to be of benefit for patients suffering with acute injuries.
- Enteric coated to ensure optimal bioavailability

ZYMAIN®

ACUTE INJURY / ACUTE INFLAMMATION MANAGEMENT

Learn first-hand from a practicing Chiropractor and a respected chiropractic educator protocols and modalities for treating patients with Anabolic’s line of pain and inflammation products. Visit anaboliclabs.com/Videos.aspx

USAGE: Do not chew. ZYMAIN is designed to be taken immediately after initial injury or exacerbation, to combat the acute inflammatory process. Take two tablets 4 times a day between meals for 5-10 days or as directed by your health care professional.
